BODY LANGUAGE

Dr. Ujjwal Patni's

BODY LANGUAGE

The power to know what others hide

Introduction

Researchers say that verbal communication constitutes 35% and body language constitutes 65% part of communication. In real life people keep on working lifetime to improve verbal language but rarely focus rest 65 % that is body language. This vital part is rarely taught in schools and colleges.

International corporate trainer and motivational author Dr Ujjwal Patni is among top international body language experts. He decoded the secrets of body language and presented this complex subject in the most simple and usable manner. Many institutions organized this multiple body language sessions for their core group. Many top personalities and corporate heads learned this science through one to one coaching by DrPatni.
